Salary Guide

Featured role

Mobile Developer

Permanent salary
(AUD/000)

80 - 100

About the role

Organisations are increasingly utilising mobile applications to deliver their products and services.

Accordingly, we've seen an increased demand in the Adelaide market for experienced Mobile App Developers with native IOS and Android development experience.

Key skills/attributes

- Ability to design, develop and deploy mobile solutions for Android, iOS and Hybrid native apps
- Experience with JavaScript, HTML5, Java and data formats such as XML and JSON
- Customer-focused and the ability to think conceptually and at the big picture

This salary guide is a compilation of salary and market information provided by Hudson consultants, clients, candidates and other sources across Australia. Information was gathered by drawing on the extensive knowledge of our specialist recruitment consultants across Hudson's specialist practice groups. Salary ranges are approximate guides only. Change Manager

Permanent salary (AUD/000)

100 - 140

About the role

Over the last 12 months the Adelaide market has seen a considerable amount of growth in the need for Change Specialists. With more organisations maturing their approach to Change Management, ensuring effective change practices are embedded throughout their organisations. The Focus has shifted from a re-active battle with resistance to change to a progressive, proactive approach ensuring the whole organisation is successfully taken on the transformative journey.

Key skills/attributes

- Stakeholder Engagement
- Communication
- Rapport Building
- Documentation
- Requirement Gathering
- Business Processes
- Leadership
- Organisation Development

Featured role

Senior SAP Functional Consultant - HR Payroll

Permanent salary
(AUD/000)
180 - 200

About the role

This role requires experience with SAP HR and Payroll functionalities and configurations.

Senior SAP Functional Consultants are responsible for developing and maintaining effective relationships -- internally and externally -- and for providing guidance, support and advice.

To find the right solutions, consultants need both a functional knowledge and a deep understanding of business HR/Payroll operations.

Their day-to-day tasks range from developing documentation for processes and procedures to facilitating meetings, workshops and training.

Key skills/attributes

- Extensive functional knowledge and experience with SAP HR and Payroll
- Solutions-minded and the ability to plan long term
- Writing and developing documentations for procedures and implementing them effectively
- Excellent stakeholder management, and the ability to influence and negotiate

Business Analyst

Permanent salary
(AUD/000)
90 - 140

About the role

The role of a Business Analyst has become increasingly important in the IT landscape within the Brisbane market. Current demand for quality BAs has increased significantly in the last six months which has been reflected by a recent spike in contracting rates offered. Organisations are investing in proven BAs to help ensure a positive outcome for their projects.

Key skills/attributes

- Facilitating workshops to gather requirements
- Elicitation and documentation of business rules and process mapping
- Engaging with business stakeholders to develop appropriate artefacts
- Working with business to help deliver product or service

Salary Guide

Featured role

DevOps Engineer

Permanent salary
(AUD/000)

90 - 120

About the role

Many organisations are looking at developing software engineering practices to unify development and operations. As a result, the role of a DevOps Engineer has gained significant popularity in the Perth market throughout 2017.

As it's still a newly created position, business leaders are still fine-tuning the daily responsibilities and expectations of individuals in these positions.

Typically most DevOps Engineers in the Perth market have come from a development, testing or system administration background.

Key skills/attributes

- Coding, scripting, process re-engineering
- Excellent communication and collaboration skills
- Experience with systems and IT operations
- Strong grasp of automation tools and data management skills
- The ability to quickly grasp business outcomes is critical in this position

This salary guide is a compilation of salary and market information provided by Hudson consultants, clients, candidates and other sources across Australia. Featured role

Senior SAP Functional Consultant - HR Payroll

Permanent salary
(AUD/000)
180 - 200

About the role

This role requires experience with SAP HR and Payroll functionalities and configurations.

Senior SAP Functional Consultants are responsible for developing and maintaining effective relationships -- internally and externally -- and for providing guidance, support and advice.

To find the right solutions, consultants need both a functional knowledge and a deep understanding of business HR/Payroll operations.

Their day-to-day tasks range from developing documentation for processes and procedures to facilitating meetings, workshops and training.

Key skills/attributes

- Extensive functional knowledge and experience with SAP HR and Payroll
- Solutions-minded and the ability to plan long term
- Writing and developing documentations for procedures and implementing them effectively
- Excellent stakeholder management, and the ability to influence and negotiate
