Featured role

Project Manager

About the role

With an unprecedented amount of infrastructure projects both in the pipeline and under construction within Victoria, we are seeing a huge demand for skilled and experienced Project Managers. The biggest employers are government authorities, civil contractors and multi-disciplined engineering consultancies. Key projects, and therefore skillsets, include rail, road, tunnelling and bridges.

Permanent salary (AUD/000)

100 - 220

Key skills/attributes

- Victorian project experience, especially with client-side exposure
- Business development ability with strong local network
- Technical aptitude coupled with high-degree of autonomy

This salary guide is a compilation of salary and market information provided by Hudson consultants, clients, candidates and other sources across Australia. Information was gathered by drawing on the extensive knowledge of our specialist recruitment consultants across Hudson's specialist practice groups. Salary ranges are approximate guides only. They relate to base salaries and exclude superannuation/bonuses/incentive schemes/stock options.
